LEGION NEWS

Monday, June 11th is election night for the Legion. Let's have good turn out for this, and regardless of who you vote for, be present and give them your support. Now is the time to make any changes you think necessary, if you're not satisfied; not afterwards and then do a lot of criticizing about who is on the job. There are a lot of good men available but they must be present in order to be nominated, and someone has to do the job regardless of how thankful it is, so please be there and let's have a good count.

Olive Tuna Bake
(Serves 3-4)
2 eggs
1/2 cup evaporated milk
1 cup soft bread crumbs
1/2 teaspoon salt
Pepper to taste
1 teaspoon grated onion
1 7-ounce can tuna

Cut olives into large pieces. Beat eggs well, combine with milk, crumbs, salt, pepper and onion. Drain off oil and flake tuna. Stir tuna and olives into egg-milk mixture. Turn into greased 1-quart pan, set in another pan of hot water. Bake in a moderate (350°F.) oven for 45 minutes or until set in center. Serve at once.

buttered bread and broil for 3 minutes.

For very special scrambled eggs, heat some canned sliced mushrooms in butter, then add the egg-milk mixture to scramble.

Use a melon ball cutter and cut balls from tart apples to use in a ham or pork salad. Sprinkle the balls with lemon juice right after cutting so the flesh remains white and tasty until the salad is served.

Gary Worden, Top Track Scorer For Vikings This Past Season

Four School Track Records Replaced

Co-captain Gary Worden was the top scorer for the Grayling High Vikings in track this spring and also broke three school records. Co-captain Lloyd Failing set one more record and was next high scorer. An ankle injury which kept Failing sidelined in the Conference Meet, the last of the season, probably kept the point race from being much closer. Worden rang up a total of 96 points while Failing scored 65, according to Grayling High Coach Bruce Smith.

Failing set a new broad jump record of 20 feet which breaks his own mark of 19 feet, 10 inches set in 1955. Worden set new records in the pole vault, high and low hurdles. The new pole vault mark is 11 feet, 4 1/2 inches and wipes out a record of 11 feet, 3 1/2 inches set by Failing in 1955. In the low hurdles, Worden bettered his own mark of 21.8 seconds set in 1955 by topping the timbers this season in 21.23 seconds. In the high hurdles Worden ran the distance in 16.1 seconds this season which surpassed a mark of 16.6 seconds set in 1955 by Richard Hamilton.

Coach Smith listed the letter winners in track this season. Besides co-captains Worden and Failing, they are: Bill Kenyon, Gary Parkinson, David Lowe, Dale Rohde, Richard Moore, Don Bancroft, Jim LaGrow, Larry Yoder, Duke LaMotte, Ron Kellogg, Keith Warner, Paul Berry, Tom Hatley, Bill Martin, Don Campbell, Russell Ballinger, and Roger Nelson.

The Viking track squad was victorious this year in 6 track meets while losing 3. The three losses were at the Central Michigan Relays, the Petoskey Relays, and the Conference Track Meet. In the Conference, the Vikings were third, fourth at the Petoskey Relays, and at Central Michigan College, Grayling and Charlevoix each scored 4 1/2 points which tied them for sixteenth place among 70 schools competing. Grayling and Charlevoix were the only schools from the northern part of the Lower Peninsula to even score, however. Grayling also took a third place in the Regional Track Meet held at Traverse City and qualified six track men for the State High School Meet.

Merchants Profit From June Marriages

(Special To The Avalanche)

New York—As far as business men in Crawford County are concerned, the adage "marriages are made in heaven" is very true.

For to them, each new wedding represents a new household and each new household spells thousands of dollars of added business.

What are newlyweds to the rest of the community are new customers to them, to be thought of in terms of furniture, dishes, refrigerators, carpets, electrical gadgets and, eventually, baby carriages.

What more romantic a time could there be than the month ahead—June in a leap year. And what else could give local business such a welcome boost.

An attempt to put it into dollars and cents has been made by U. S. News and World Report. It made a special study of the new business created per marriage and found that the average is \$13,600 per marriage.

Such an average, applied to Crawford County, yields \$381,000 as the amount of new business a year attributable to marriage. This is based on the local current rate of 28 marriages a year.

Other figures show that the chief item is for living quarters, \$110,000. This represents a house or an apartment unit—it doesn't matter which since their construction costs are of about the same order. And it doesn't matter whether or not it is purchased or rented. Either way, added building is called for.

Next in order is the matter of household equipment, set at \$25,000—\$25 a head—used, and costing \$500. The rest includes the ring, new clothes and the wedding.

All of which the local merchants are happy to supply. And all of it the newlyweds are happy to acquire, partly on credit. For they are more able, financially, to enter into matrimony than any young people ever before.

They are living in times of unprecedented prosperity, with job, health and old age protection such as no other generation ever enjoyed.

OES Holds Friends Night

Grayling Chapter, O. E. S. was host to several surrounding Chapters at "Friends Night", held on Wednesday, May 16, at the Masonic Temple. Roberta Wright, Worthy Matron, and Jack McMillan, Worthy Patron, introduced their friends, Ester Richardson, Worthy Matron of Chrysantheum Chapter, Grayling, and Ralph Guernsey, Worthy Patron of Houghton Lake Chapter, who presided during the Initiation Ceremony.

Other friends who were introduced and held office were: Hilda and George Soden, Bertha Loree and Peggy Mowery of Lewiston; Genevieve Montgomery and Florence Denport, of Kalkaska; Eva Scott, Ruby Dyer, Emma Sergeant, Ella Logan and Norman Brown of Rosecommon; Astrid Richardson and Marie Raymond of West Branch; Lenore Jones of Atlanta; Norah Perry, Houghton Lake; and Helen Thomas, Grayling.

Over 100 members were present from Grayling and the above mentioned Chapters, and two out-of-state members, Mrs. Bucher of Antwerp, Ohio, and Mrs. Williamson, who is visiting from Roseville, W. Va.

Dolores Papendick and Sigurd Reetz were initiated into the Order, welcomed, and presented with gifts from the Chapter.

Grayling Past Matrons acted as hostesses for the Chapter. Ida Papendick, Laura McLeod and Lucille Roberts greeted the guests as they arrived. Mayme Straehly was chairman of the refreshment committee. Daisy Norris and Grace Andrews poured. Margaret McGee, with Ellen Christensen, presided at the very attractively, with each table centered by a bowl of yellow wild flowers.

How About Us?

In reading through the report to the President of the White House Conference on Education, we find several references to Federal Aid to what was called "Federal impacted areas". We presume this means areas where the Federal Government through building of armed services installations or Government-sponsored atomic plants has caused a terrific increase in population with the following pressure on the school system.

To us there is little difference in principle to the Federal or State government moving a population from one locality or in taking its lands off the tax so that the possibility of income is slashed by more than half.

Crawford County finds itself with better than 70 percent of its land area in State or Federal hands . . . of course, off the taxroll.

There is the argument, of course, that the State or Federal held lands afford more recreation space for the tourists coming to our area. This is true to some extent. However if the land does bring added business to our county, it still does not leave money here that is needed into the county or school district's treasuries. The schools of the county and the county government have made a valiant if vain fight to maintain standards. To us, however, the handwriting is on the wall . . . both the schools and the county will have to have more funds in the very near future or cut the quality or quantity of their programs. When most of the land in a county is off the taxroll, it is real rough.

The situation causes a great deal of pressure on our county school systems, and county government in a financial way. It is our feeling that our representatives both the State and Federal capitol should go to bat for us. If you think so too, you might drop them a line telling them so. — R. W. S.

"It is a socialist idea that making profits is a vice. Consider the real vice is making losses." — Winston Churchill.

"Our liberty depends on freedom of the press and that cannot be limited without being lost." — Thomas Jefferson.

IT'S SWITCHCRAFT

— that's what it is!

You'll see when you try Buick's new Variable Pitch Dynaflo!

IT TAKES a new word to describe the magic at your command when you drive a '56 Buick — with the newest transmission of them all.

It's full power go-ahead on the instant. You can get where you were just looking in a shaved second's time — with the most modern and most thrilling surge of safety acceleration in the land today.

It's smoothness, too. Complete freedom from the "bump" and lag of gears shifting. Only with Dynaflo can you go winging away, with so smooth a sweep.

And only with a '56 Buick can you enjoy Dynaflo's newest marvel. It's something the engineers call "double regeneration." Lets you start off like an Olympic sprinter, with the pedal pressed just an inch or less. (And driving that way, you get better gas mileage.)

There's more big news, too, that goes with this new Buick magic. And that covers a lot more than styling.

Sure — you'll like the graceful new beauty of the V-shaped prow and sweep-ahead look. And you'll like the extra room inside.

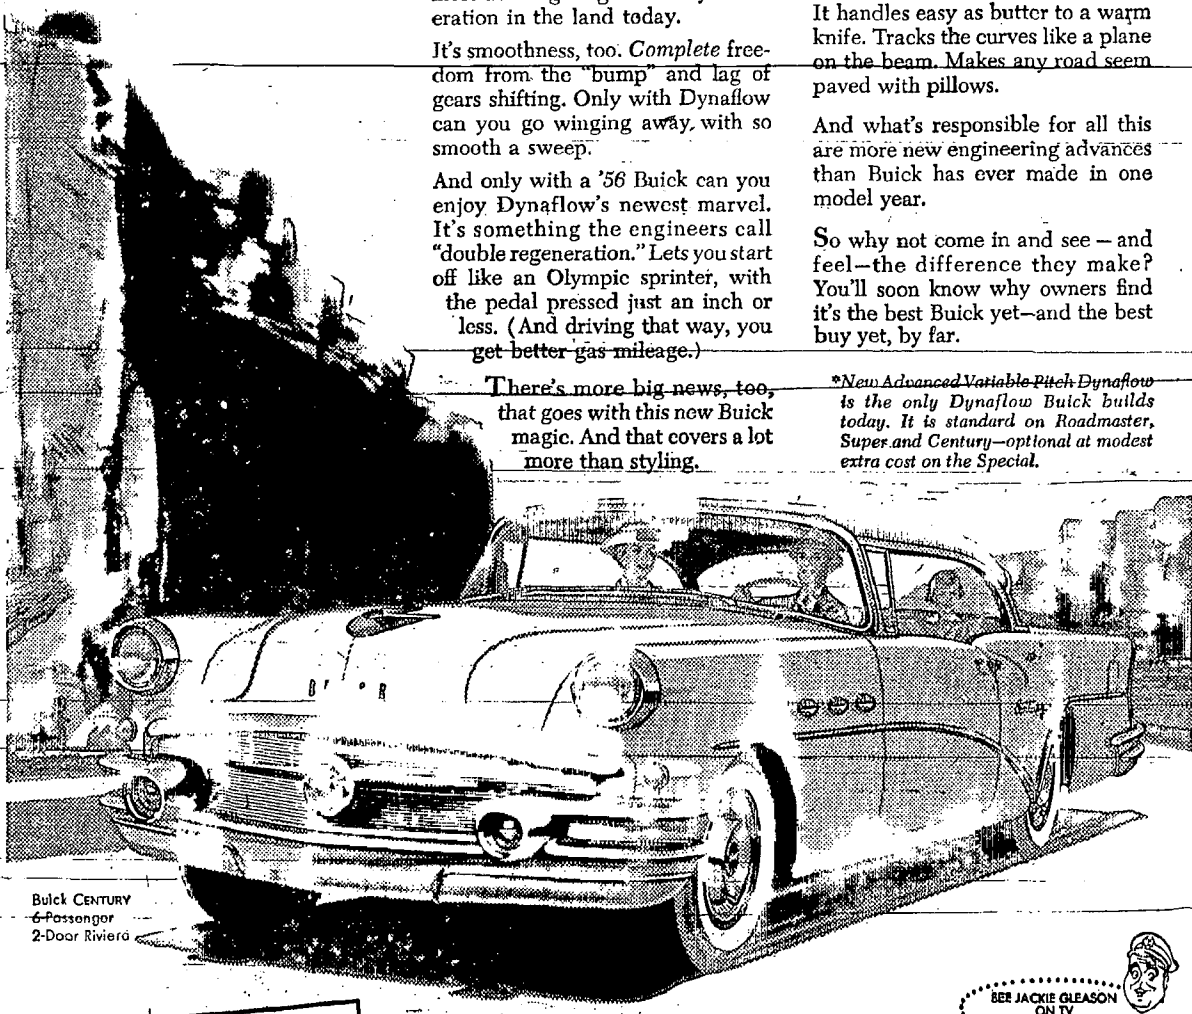

But as you drive you'll find that this Buick responds with the new might of a big, record-powered V8 engine of 322-cubic-inch heft.

It handles easy as butter to a warm knife. Tracks the curves like a plane on the beam. Makes any road seem paved with pillows.

And what's responsible for all this are more new engineering advances than Buick has ever made in one model year.

So why not come in and see — and feel — the difference they make? You'll soon know why owners find it's the best Buick yet — and the best buy yet, by far.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

Bear Lake News

By M. D. the Roving Reporter

Here is an argument I am listening to now. Why do 'coons wash their food before they eat it? I always thought it was because they were so clean and now I hear they have no palate or saliva and must be near water to eat. Right or wrong?

Jean Newman's father has been sick so Jean and I went down to see him and I stayed at the Rays. Had a nice time.

We found a baby fawn in the woods over by Cranberry Lake and that is something you will never forget. And speaking of Cranberry Lake, I am very sorry to report Mrs. Edna Huntley, who owns the only cabin on the lake had a very bad accident in Ohio and is in the hospital there. The last we heard she had two broken legs and a hip also head injuries. Anyone wanting to send her a card her address is Mrs. Edna Huntley, St. Rita Hospital, Room 229, Lima, Ohio.

Our free shows will start June 14th and run every Thursday night until Labor Day.

Art Hutchings and his party stopped on their way back from Canada with 42 beautiful trout, "specks". Now we hear he is on his honeymoon. Congratulations Art and Inez.

Dick Furber and his party stopped on their way up to Canada to fish but if they fish like they hunt the fish are safe.

Things were humming around Newman's Corners this week end with the Vandens, the Hagbels, the Fosters and the Hagbels.

Everett Worthington from Ohio was up to his cabin on Johnston Lake and Fred Downs also from Ohio was at his cabin on Blue Lake.

Doris Ray and her sister, Mrs. Walters spent a week at their cabin on Bear Lake. Quite a few others were around, too.

Walt Felke was home for the week end with his family. He is working in Detroit.

The Rouskers of Saginaw are at their cabin again this weekend. Who's dog barked with who? A gentleman of our acquaintance who is camping out these days awakened from his slumber one cold blustery day last week to find a strange Beagle hound curled up in bed with him. Well—it seems some dogs aren't particular and Queenie was tired and cold.

Mr. and Mrs. George Olney and Mrs. Susan Snooks along with their faithful dog Lem spent the weekend at their lodge on the AuSable.

James Hoy of Sanford and John Myers of Midland spent the week end in the B. J. Mundt home.

An extremely large eagle was seen flying over Shupac Lake on day recently by my husband Frank Buehler.

Mr. William Hayworth blew in to his resort Saturday, did a little fishing, mowed his lawn and took off again.

Our chain of hills which winds its way to the west of Lovells is a sight to behold these days. The poplar and willow are putting forth their tender green leaves. With here and there a wild flower in shrub in full bloom, and with our native pine trees interwoven it is truly a master painting from the hands of the "Master".

CARD OF THANKS
I would like to thank the Sisters nurses, Drs. Stealy, Marks and Clippert for their care and kindness also friends who sent cards, gifts and flowers, during my stay at Mercy Hospital.

How About a
Pancake Party?

Cows
In Clover
In June

With 12 possible choices, why is June The Dairy Month? This decision was made indirectly by Mother Nature, or rather, by one of her prototypes, Mrs. Bessie Cow. After wintering in the dairy barn, Bossy lets no grass grow under her feet, come spring. With a snug moo or two, she begins dining with delight on lush pastures and seems determined to produce milk at a record rate. By June, milk production has risen as much as 15 per cent as 22 million lady bovines strive to out-"milk" each other.

In order to take advantage of this seasonal river of white, the dairy industry decided in 1938 to organize June Dairy Month. This promotion has boomed into one of the nation's leading food sales events.

June every segment of the food merchandising industry joins in featuring dairy foods; milk dealers, dairy food processors, feed stores and restaurants. Newspapers, radio and TV stations co-operate in promoting the dairy industry's big month.

Everyone, including the cows, seems content with June Dairy Month. Customers enjoy more nourishing foods. Promotion-minded newspapers increase dairy listings. Stores sell more dairy products. Farmers sell more milk. And all because of the terrific Springtime co-operation of Mrs. Bossy Cow.

PANCAKES ADIRONDACK

Pancakes are so easy to prepare and always seem to get people into the spirit of fun and good fellowship.

An extra special dish to serve at a pancake party is Pancakes Adirondack. Many famous ski resorts in the Adirondack Mountains serve this deluxe pancake concoction and have become well known for the dish.

For Pancakes Adirondack, fluffy golden pancakes are served with melted butter and shaved maple sugar with whipped cream atop a stack of three pancakes. If maple sugar is not readily available, you may use brown

sugar or a maple-blended syrup. For your pancakes, call on an easy pancake mix and have them ready for baking in a minute.

Pancakes Adirondack

Makes 14 to 16 pancakes

Pancakes

2 cups pancake mix

1 egg

2 tablespoons melted butter

Filling and Topping

Melted butter

Shaved maple sugar

Whipped Cream

Add milk, egg and butter to pancake mix, stirring lightly. A somewhat lumpy batter makes light, fluffy pancakes. Pour 1/4

cup batter for each pancake onto a hot, lightly buttered griddle. Bake to a golden brown, turning only once. Stack 3 pancakes placing melted butter and shaved maple sugar (or brown sugar) between each. Top with whipped cream and sprinkle with shaved maple sugar.

CARD OF THANKS

My sincere appreciation to all who sent flowers, cards and gifts and to all who visited me while I was a patient at Mercy Hospital. Special thanks to the doctors, nurses and hospital staff for their kindness.

Mrs. George Olson.

Michelson Memorial Church News

Early last week practically all the members and friends of Michelson Memorial Church received through the mail a single mustard seed with the reminder that "Ye have faith as a grain of mustard seed — nothing shall be impossible for you." (Matthew 17:20). It was suggested that the seed be scotch-taped to the prayer card sent out the preceding week, as a constant reminder that the family altar that greater things are wrought by prayer than this world dream of.
